

Attorney Docket No. Intel Corporation : 10559-277001

REMARKS

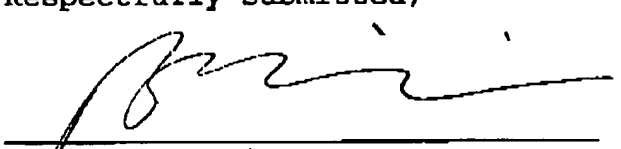

Upon entry of this amendment, claims 1, 4-21, 28, and 31-39 will remain in the application. Applicants have made two minor corrections to the claims. First, claim 15 which is dependent on claim 11, is directed to a "device." In reciting additional limitations, however, the claim inadvertently refers to a "system." This mistake has been corrected by replacing "system" with "device."

In addition, claim 34, also dependent on claim 11, incorrectly refers to a "second operating mode." This phrase should read "second debugging mode." It is believed that this error was introduced during transcription of the Examiner's amendment. Accordingly, claim 34 has been corrected by replacing "operating" with "debugging."

Applicant asks that all claims be allowed in their present form.

Please apply any additional charges or credits to Deposit Account No. 06-1050.

Respectfully submitted,
